## FRANCE FEARS GERMAN UNION

### BABERUTH, MAD, DENIES ORGIES; WERE TO FIGHT

#### Appeals to Landis for "Justice."

BY IRVING VAUGHAN.

(Pictures on back page.)  
George Hermann (Eck) Ruth, one time home run hero and now spoken of as the bad boy of the Yankees, who in the last five years has raked to himself \$200,000 and scattered most of it in going to wage a fight over the \$10,000 fine plastered on him along with an indefinite suspension and he says the fight will end either with him traded or out of baseball with Miller Huggins, his present boss, retired as manager of the New York club.  
The Babe, not quite as jovial as usual, arrived in Chicago last night. He came here because he thinks the \$10,000 fine assessed him is going to stand his case before Baseball Commissioner K. M. Landis this morning. Then he's going to hop the Century for New York to run down rumors that Mrs. Ruth is about to file a \$100,000 suit for separate maintenance and to tell Col. Jake Ruppert, millionaire owner of the Yankees, that Huggins is a liar and not competent to handle a ball team.  
Huggins is making no guest for the rotten showing of the team. He said that the fine and suspension resulted from misconduct on the ball field and that he has been trying to get a chance to get on his feet by staying out until the day after tomorrow in St. Louis. As for the drinking charge, he's a liar. "That was the gist of the Babe's talk to newspeople at the Congress hotel," said Huggins. "He said he was going to sue me for \$100,000 for the charges for which Ruth was fined, considerable speculation has been aroused by the little manager's action. Saturday, when he announced Ruth's suspension, Huggins intimated that Ruth's late hours were only a part of his misconduct and that drinking and other infringements of the club's training rules had compelled him to take the drastic step and halt the Babe."  
Whether he had had trouble with Huggins in the past he said there had been several slight difficulties. One of them this season when the Yanks were playing in Chicago. Ruth admitted staying away from the hotel at night and Huggins fined him \$1,000 but the fine was remitted. "That night, once in Cleveland, a week ago when he stayed out after hours and Saturday morning in St. Louis were the only times this season he has violated the 1 o'clock rule of the club," Ruth stated.

**Page Huggins as Manager.**  
"Anybody it was too hot to sleep in St. Louis," Ruth added. He laughed over his own remark and then mentioned that he has been taking care of himself and that he is in better trim physically than at any time since he joined the Yankees.  
When Ruth said he wouldn't play with the Yanks next year unless Huggins was "given the air," Ruth talked as if he meant it. He said conditions on the team are unbearable because of managerial dictates of Huggins and that he and the other players were as high in the air all the time that it is impossible for them to put forth their best efforts.  
Asked whether he was financially able to quit the game Ruth laughed and replied:  
"Don't worry, I'll get along."  
He also expressed a hope that he wouldn't be traded or sold away from New York. Despite his announcement that he would be he or Huggins next year he admitted he would finish the season with the Yanks as soon as the suspension was lifted.

**Hugs Fine Unexplained.**  
Ruth couldn't explain just why Huggins happened to go so high as a \$10,000 fine. Huggins didn't even offer a special reason for his drastic step. He merely informed Ruth of the fine and announced that he was going to sue him for \$100,000 for the charges for which Ruth was fined. When the famous athlete appeared in the clubhouse to put on his uniform before Saturday's game, "No use putting on that uniform," Huggins told him. Ruth promptly left the clubhouse. Later he was given transportation to New York by the club secretary, but he redeemed the ticket yesterday morning and boarded a train for Chicago.

**Don't Say That's a Joke.**  
"That's a fine joke," said Ruth. "I don't think I've been charged for anything. I haven't killed anybody. I don't think I have been disappointing. I know why I tried to get out. For one thing I tried to get out. I was out so long that I needed a regular training trip."

### PLANS TO ANNEX AUSTRIA PERIL SECURITY PACT

#### May Demand Ban on Proposed Merger.

BY HENRY WALES.

[Chicago Tribune Press Service.]  
(Copyright, 1925, By The Chicago Tribune.)  
PARIS, Aug. 30.—President Loebe of the reichstag spilled the security pact beans yesterday.  
"After Germany becomes a member of the league of nations, France will be unable to use force to prevent a union with Austria," Herr Loebe said in a speech in Vienna.  
France realizes that if Germany made this union a fait accompli after the security pact is signed, it will be unable to take sanctions.  
New Nightmare for France.  
On the eve of the meeting of French, German, English, and Belgian jurists in London tomorrow to draw up the draft of the proposed pact to guarantee the peace of Europe, the French government, indirectly but clearly announced tonight through newspaper mouthpieces that it cannot accept the pact unless it allows France a free hand against Germany in case the latter suddenly annexes Austria.  
With one indiscreet sentence Herr Loebe has made the German-Austrian union, a nightmare to France, upsetting all the plans of the French government to rush through the negotiations for the pact.  
"If Germany annexes Austria it will not only absorb 7,000,000 Austrians but 8,000,000 Hungarians and Czechoslovaks will be three-fourths surrounded by enemies," the Journal Des Debats cried in alarm tonight. "It might have added, French politicians said that if Germany really annexes Austria it will have won the war and the road toward, laid a strange hold on the Danube, and made itself potential master of the continent."  
See British Intuition.  
The security pact was proposed to France in February by the German government under the inspiration of Lord D'Abernon, British ambassador, and probably with the approval of the American ambassador.  
The first great objective of the British foreign policy today is to have its hands free in Europe in order to observe say, and second, to overthrow the Rappallo treaty and get Germany on the British side against soviet Russia. Support of the security pact, which would allow Germany to reopen the eastern frontier question, was the price Britain had to pay Germany, it is claimed.  
The French have not seemed to realize clearly the real purpose behind the pact was to tie the hands so in case Germany violates one of the new frontiers in Eastern Europe, France will be bound to carry the case before the league, where it can be compromised or dragged out indefinitely. Meanwhile, France would not be allowed to take sanctions in the Ruhr and elsewhere.  
Want France Off the Rhine.  
The second purpose was to get the French off the Rhine, where they are eating up a large part of the reparations, because once the pact becomes effective the reasons for keeping the French troops on the Rhine will be theoretically disappear.  
Herr Loebe's statement on top of the activity of the Pan-Germans in Austria woke up the French with a bang today, and all the newspapers who are inspired by the government say the pact must now be altered to prevent Germany from making the proposed Austro-German union fait accompli.  
Annexation of Austria to Germany is even more bitterly opposed by Italy, Roumania, Jugoslavia, and Czechoslovakia.

#### OPPOSE ITALY AS BOSS

BY KARL LANN.

(Copyright, 1925, By The Chicago Tribune.)  
VIENNA, Aug. 30.—Today's demonstration of the Austro-German People's union with the participation of Paul Loebe, president of the German reichstag, and a dozen German deputies, and an enormous crowd of enthusiastic Austrian citizens was in support of a protest against the negotiations for the security pact.

### SHOOTSELF IN HEAD WITH AN 'EMPTY' PISTOL

Demoralizing a revolver which he believed unloaded, Paul E. Schmid, 17 year old son of a prominent architect, shot himself in the head yesterday afternoon at the family home, 434 Aldine avenue. He died last night at the John B. Murphy hospital.  
From Fred Uhlmann, 605 Stratford place, chum of young Schmid, the police obtained details of the accident.  
"Paul and I went into the house to bathe and dress after playing baseball," Uhlmann said. "His father and mother are in Washington, D. C. He took his father's revolver to show me what a good gun it was. He broke it and we both thought it was empty. He was waving it around his head when it exploded and he fell."  
Uhlmann expected to enter Princeton university this fall. His father is the firm of R. G. Schmid & Co., with offices at 75 West Washington street.

#### One Death Here.

One death from the heat was reported in Chicago. Charles J. Seaborg, 77 years old, of 1636 Ballou street, collapsed near North avenue and Ballou street of heart trouble aggravated by the heat, and died immediately. At 10:15, Mich. Conrad Dajner, aged 13, a caddy from Chicago, enjoying a vacation through the bounty of R. E. Phelps, also of Chicago, who has a summer home in Iowa, died of sunstroke while bathing in Morrison lake. A freak storm, which in its 15 minute passing over Lake Waukegan, near Goshen, Ind., beat with terrific fury, uprooting trees and tearing boats from the lake, caused the death of one man, Dr. Albert J. Irwin, 64 years old, who was fishing in the lake from a rowboat, which was overturned by the fury of the wind. Dr. Irwin drowned, while a companion, Jeremiah Snyder, clinging to the upturned boat, unable to go to his aid. The storm subsided as suddenly as it had arisen.

#### Clarendon Beach Crowded.

Clarendon beach reported the largest patronage of the season, with a water temperature of 76. Oak street, Rogers Park, 16th and 79th street beaches were crowded from early morning to dusk. Although warm water was reported from Clarendon beach, bathers at nearby stands said the lake was beginning to get an autumn chill to it.  
The first accident of the season at Jackson Park beach occurred when Frank Buck, 17 years old, broke both arms when he fell while exercising on some cables.

#### Evanson Church Folk See Shooting; Catch Shooter

Soldate church folk in Evanson were startled out of their calm at Chicago avenue and Main street yesterday when Nick Vasilatos, owner of a shoe shining parlor, shot and wounded two colored men, Floyd Ashmore, aged 17, and his brother James, aged 27, of 242 Chicago avenue, as the culmination of an argument over a bad cleaning check. Vasilatos attempted to escape but was captured by members of the church parade.

### Kidnap, Dope Girl in Loop as Rich Victim

Agnes Counts, 18 year old stenographer, was found strapped by the effects of a drug late Saturday night near her home, 7748 Greenwood avenue. Twelve hours later the effects of the narcotic had worn off and she told the story of a midday holdup in the loop, with two well dressed men, and torturing her when she denied she had a large sum of money with her.  
Brown eyed, attractive and soft of voice, she maintained she did not understand her experience.  
Kidnaped at Point of Gun.  
"I left Edward Leonard's office at 35 South Dearborn street, where I work, at 1 o'clock Saturday," she declared. "I was going to the L. C. station. In Monroe street, near Wabash, I saw a man in a dark suit and a woman, walked up beside me. I felt him put a revolver against my side.  
"Then he ordered me to walk into an alley, on Wabash between Monroe and Madison. Half way up the alley he pushed a door and we stepped into a room. There was a short man in there, well dressed, but not so nice looking as the other one.  
"They called me Mrs. Bryan and told me to give up the money. I told them I wasn't Mrs. Bryan and they asked me if I was going to keep it all. When I didn't understand they tied a rope around my wrists and said they'd pull until they cut my hands off.  
"Convinced of Their Error.  
"Then they found my purse with \$10 and my card in it. I suppose they were convinced I wasn't Mrs. Bryan. So they gave me a drink of water that tasted funny. That's all I remember until just now."  
The girl was leaning against a post when her brother, James, found her. A physician who was called said she had not been mistreated by the kidnapers. He was unable to determine the sort of narcotic that had been given her.

### Try Nonstop Flight, U. S. to Hawaii, Today

San Francisco, Cal., Aug. 30.—(AP)—The two PN navy seaplanes will take off on the proposed nonstop flight from San Francisco to Honolulu tomorrow afternoon at 2 o'clock without the PB-1, the heaviest of the three aircraft, it was announced tonight. The PB-1 will follow as soon as its new engine is installed, probably two days later.

#### New Engine Delays Takeoff.

The decision to send the two PN planes, with their maximum loaded weight of 19,000 pounds each, off without the big 24,000 pound PB-1 was made late tonight by Capt. Sanford E. Mores, in charge of arrangements, and the other navy officials after it had been concluded that there was no possibility of completing by tomorrow afternoon the installation of the new engine in the PB-1.  
The big Boeing plane, manufactured in Seattle, developed a broken oil feed pipe on its flight to San Francisco from the north ten days ago and was forced to spend the night at Coos Bay, Ore., making a two day trip of what was planned as a nonstop flight.

#### New Chapter in Navy Aviation.

San Francisco, Cal., Aug. 30.—[Special.]—If successful, the proposed nonstop flight to Hawaii will complete a new chapter in the history of naval aviation.  
The distance from San Francisco to Honolulu is 2,418 statute miles, and the estimated time of the flight is about twenty-four hours. Favorable winds are expected to help the progress of the six planes.  
Two of the three planes of the PN-9 design are products of the aircraft factory at the navy yard in Philadelphia. The other—the giant of the three—is a Boeing plane, made at Seattle, Wash.

#### Personnel of the Fleet.

Commander John Rodgers is in command of the flight. Lieut. Allan P. Snoddy will command plane No. 2, with Lieut. Arthur Gavin as navigation officer and second pilot.  
Lieut. Commander J. H. Strong will command plane No. 3, with Lieut. Ralph E. Davidson as navigation officer and second pilot.  
Commander Rodgers himself will command plane No. 1, with Lieut. E. J. Connel as navigation officer for the entire expedition and second pilot of the commanding officer's craft.  
Lieut. Connel is one of the navy's finest masters of navigation.

#### CAVE-MAN WAYS FAILING, ROMEO TRIES POISON

Carl Kemming, 2431 Walton street, 22, and a student at Crane college, yesterday took desperate means to win back a lost sweetheart.  
Kemming on Saturday night went to the theater with Miss Anna Stuchan of 2453 Walton street. When they returned home, the girl later said, Carl tried cave-man love making, embarrassing her before her sister's young man.

#### Anna told Carl she never wanted to see him again.

Anna told Carl she never wanted to see him again. He left, walked the streets for a while then went into a drug store, bought some poison, went from there into a restaurant, dropped it into a glass of water and swallowed it.  
All this done, Carl had himself rushed to the county hospital, where he said Anna had dropped the poison into his glass when he wasn't looking.  
Of course, the police brought Anna, when Carl confessed. The doctors said he would recover.

French and American views on the debt settlement were summed up last night as follows:  
1. Minister Caillaux, at the head of an expert group, is it is known that he will have the debt question settled in nine days after his arrival in Washington.  
2. Washington advisers are that while a quick settlement is hoped for, there will be no undue haste nor placid adoption of ready made terms.

#### PARIS, Aug. 30.—(AP)—M. Caillaux, the finance minister, expects an agreement with the United States debt funding commission within nine days after his arrival at Washington, Sept. 23.

#### He believes in any event the negotiations can be so nearly completed that unfinished minor points can be settled by some of his colleagues, whom he would leave in Washington.

#### He is determined to depart from New York by the steamer France Oct. 3, so as to be in Paris when parliament reassembles.

#### Undoubtedly having in mind the fate of the Versailles treaty, he is taking with him influential senators and deputies. His choice has been influenced by three considerations, to have first of all members powerful in both houses of parliament, next, those having special knowledge of America, and, finally, technical advisers.

#### Socialist Leader on Mission.

#### The French government is convinced it is essential for parliament and the country to understand by authoritative voices what takes place at Washington when the French debt settlement comes up for discussion there. It was at first announced that M. Caillaux would proceed to the United States accompanied by "only one expert and that the other members of the mission would follow at an early date. He is a member of the Socialist party, which, with its 104 members in the chamber, had been supporting the Painleve government, but decided recently to withdraw its votes. Maurice Bokanowski belongs to the oppositionist group, the Republican Democratic group, which, with only 44 deputies, had four members in the Poincare cabinet.

## BLAME R. R. AS 2 FIREMEN ARE KILLED BY TRAIN

C., B. & Q. Flyer Hits a  
Truck in La Grange.

(Picture on back page.)

Responsibility for the deaths of two La Grange firemen, fatally injured early yesterday when the fire truck on which they were riding was struck by a fast-moving C. & N. Y. train, was placed by the village trustees yesterday upon the C. & N. Y. railroad.

For two years, trustees said, they have repeatedly asked the road to provide a watchman to man the gates at the crossing, which is the main thoroughfare of the village. From 11:30 p. m. when the watchman goes off duty, until 4 a. m., when another watchman is returned, there are thirty-one trains that thunder nightly by the crossing, it was said.

**Claim No Warning Given.**  
Witnesses to the crash, which occurred shortly after the watchman left the gates, declared the engineer of the train had given no warning whistle, and that the speed of the train was fifty miles an hour.

Chief of Police L. G. Matthews of La Grange in his automobile and Capt. Henry Pullman, commanding a hook and ladder company, had safely made the crossing. Following close behind was a pumper truck, driven by Fireman George Werdel and manned by Walter Bush, William Powell and Carl

## HANDS OF DEATH

The hands of the clock indicate the number of deaths by autos, guns, and moonshine in Cook county since Jan. 1. Yesterday was the two hundred and forty-second day of 1925.

Swanson, The flyer struck it squarely, carrying the wreckage three blocks. Bush was killed instantly. Werdel died last night at the Hinsdale sanitarium. Powell was taken there also, and is in a critical condition. Swanson saw the train and jumped, escaping injury.

**Blame Railroad for Accident.**  
R. B. Hayward, president of the village, called a meeting of the trustees, who placed the blame, after questioning witnesses, upon the railroad company. An inquest will be held this afternoon, and Coroner Oscar Wolf announced that the inquest would be made to fix individual responsibility.

The two deaths raised Cook county's motor death toll since Jan. 1 to a total of 48. Benjamin Leider, 4234 Kenmore avenue, was brought to Chicago yesterday after being injured near Cincinnati Saturday when the car in which he was driving to Chicago overturned.

**Two Policemen Hurt.**

## Pushman's Oriental Rugs

We realize that it is almost impossible for one to make a proper selection of an Oriental Rug except in the room where they intend to use it. And so we are always glad to send one or several rugs to any responsible person so they may make selections in their own homes.

Many people buy only one or two Oriental Rugs in their entire lifetime—and so have no reason for opening a charge account at this store. But even though you have no account here, we will gladly send you any rugs you wish, so that you may make comparisons and selections at home.

Furthermore, we welcome the opportunity of having the quality and prices of our rugs compared with those from other places. For, in the majority of cases, such comparisons show that Pushman's values cannot be beaten.

## PICNICKERS HURT AS STREET CAR STRIKES BUILDING

Berwyn Officials Place  
Blame on Company.

After jumping a wabby track, known to Berwyn residents as "the Toonerville line," a crowded suburban street car at noon yesterday plunged across a sidewalk on Stanley avenue near the center of South Berwyn and crashed into a brick building.

Nearly a hundred passengers on the car, most of them Greek and Polish families en route to a forest preserve for Sunday afternoon picnics, were badly shaken up, but no one was seriously injured.

Injured Persons Go Home.

At the Berwyn hospital it was reported last night that all the injured had been taken to their homes after first aid treatment.

Feeling a far when the car left the rails, the motorman, John Enright, 4825 West Jackson boulevard, turned off the power and frantically applied the brakes. He remained at his post until the car struck the building.

Neither Enright nor the conductor, William Prugel, 1817 South 50th avenue, was injured.

Blame for the accident was placed squarely upon the Chicago and West Towns Railway company, operators of the Berwyn-Lyons line, for the accident by Berwyn city officials.

Asked Repairs, Mayor Says.

The Berwyn city council has repeatedly asked the car company to repair the track, Mayor Frank J. Janda declared, but the officials, pleading lack of funds, have refused to do so, unless the town will extend to 1945 their franchise, which expires in 1937.

"It's small town stuff," declared Bert C. Colletta, general superintendent of the street car company, upon hearing of the officials' charges last night. "Of course we're sorry the ac-

cident occurred, but there are two sides to the track question. We are simply holding out for our business rights."

A half hour after the crash another west bound car hopped off the rails a few blocks away, and another was reported to be derailed near Lyons. Police ordered the line temporarily closed at Ridgeland avenue and buses were hurried out by the car company to transport stranded passengers.

ROB TAXI DRIVER.

A man who had hired his cab drove a revolver and robbed Michael Zarek, taxi driver, of \$8. Zarek reported to St. Paul police late Saturday night.

## Ask New Name to Wipe Stain Off Burr Oak

Citizens of Burr Oak, believing there's something in a name, have petitioned Mayor John L. Synakiewicz and the board of trustees to rechristen the village Calumet Park.

The petitioners say that several much-raided roadhouses in the village municipality have made the present appellation synonymous with disorder and lawlessness. Mayor Synakiewicz fired

Sept. 25 as the date for a public hearing before the trustees on the proposal.

It was learned yesterday that Andrew Bentkowski, the Burr Oak chief of police who was discharged by the mayor on Aug. 17 for being off duty, is back on the job. On Friday the trustees met and voted unanimously to overrule the action of the village's chief executive.

# Hail to the GREATER TIVOLI The New Tivoli

Balaban & Katz magnificent  
theatre on Chicago's great South Side  
—though only five years old—has just taken  
on new dress and is even more beautiful now than when  
it was built.

When the Tivoli Theatre  
was originally opened, it was recog-  
nized as the most beautiful theatre in the  
world. Today, it is even more artistic and advanced than  
then ever, and it shares honors with only two theatres in the universe—  
its own sister-theatres, the CHICAGO and the UPTOWN.

Doubtless you will recall  
that opening week—five years ago—  
when Musical Director Nathaniel Finston  
and Solo Organist Jesse Crawford, signalized the inaugural  
with a flood of music which enamored the thousands who came from all  
directions—Woodlawn, Beverly Hills, Englewood, Hyde Park, Grand  
Crossing, Chicago Heights and nearby Illinois and Indiana towns.

This week, history is repeating  
itself. Finston and Crawford are offici-  
ating once more. We are having our begin-  
ning all over again, and you simply can't afford to miss it.

You must see with your own  
eyes the transformation that has just been  
wrought. A new cloak of splendor envelops  
the TIVOLI inside and out. Auditorium, lobby, promenades  
are a riot of rich color—throughout the house there are countless  
masterpieces of the decorator's art—there are many new ingenuities  
and conveniences. A great canopy casts a blaze of daylight in the  
night time over the entire immediate neighborhood.

You will be amazed when  
the orchestra stage, bearing the Direc-  
tor and his musicians, arises majestically in  
the air so that overtures will be played at concert level.  
When the overture is ended the orchestra disappears. This will give  
you an indescribable thrill. It has a wonderful and startling effect.

More money was spent in  
renewing and improving the TIVOLI  
than is required to build the average motion pic-  
ture theatre.

The celebration at the TIVOLI  
this week marks the beginning of  
Balaban & Katz's startling new rotating plan  
whereby entire organizations and production units, includ-  
ing Musical Director, Solo Organist, orchestra, scenery, stage electri-  
cians, lighting experts, costumers—everything but the ushers and the  
theatre itself—move from one theatre to another—from the  
CHICAGO to the TIVOLI to the UPTOWN—thus affording you  
ceaseless variety and endless surprises.

Every development of the  
future will be made a part of the  
TIVOLI THEATRE. It will never be allowed  
to take second place to any theatre in the world—not  
even one of ours.

## WOMAN IN SUIT FOR DIVORCE HAS SLEUTH JAILED

Mrs. Rycroft Objects to  
Ways of Detective.

One is entitled to some privacy, even if one is walking about with the corespondent named in her husband's divorce suit, decided Mrs. Grace Steele Rycroft yesterday, so she caused the arrest of a persistent private sleuth who had dogged her every step, she declared, and noosed in everywhere.

A lady set to in front of the Sherman hotel at Clark and Randolph streets preceded the arrest of the detective, who said he was employed to keep an eagle eye on Mrs. Rycroft, son and heir of the late H. E. Rycroft, wealthy grocer.

**Grab Sleuth Near Hotel.**  
Mrs. Rycroft, who lives at the Blackstone hotel, was promenading with Frank Colonnelli, a prosperous Gothamite named by Rycroft in his pending divorce suit as having successfully wooed the fair Mrs. Rycroft. Suddenly she turned about and saw the shadowing sleuth. Colonnelli grabbed him roughly by the shoulders and after a mile tumble held him still while Mrs. Rycroft went to the detective bureau for a policeman.

"There is a keyhole sleuth outside who has been annoying me," Mrs. Rycroft told the lieutenant. "Everywhere I go he and two others have been following me. If I get into a taxicab they try to get in with me, that's how brazen they are. I want this one arrested."

So Sgt. Michael O'Rourke went with Mrs. Rycroft back to the corner where Colonnelli still clung tightly to the detective.

**Gives Name of Smith.**  
The sleuth gave his name as John Smith, 4099 Ellis avenue, but cards in his pockets indicated he was Sam Goldman, a private detective for the Mooney & Boland Detective agency. He was released on bail.

Before they may become stockholders, they must know all about Colby's and its policies. One Colby man each year is sent abroad to study furniture and decorative art. Several men go to the yearly exhibits of the Arts in Trades Club of New York.

They visit the annual showing of the New York Industrial Trade and all displays of national consequence in connection with Interior Decorating throughout the country. They are thoroughly posted in the latest and latest furniture styles and decoration.

## PUSH HOME RULE LIQUOR PROGRAM FOR DEMOCRATS

**BY FRANK BUTZOW.**  
Leaders of the Dunne-Harrison-O'Connell combine came forth yesterday with a new program to revamp the Democratic party in county, state, and nation.

These old war horses of former days, now in revolt against the present Democratic régime, have founded the "Democracy of Illinois," with which they hope to reorganize the party.

They have an ambitious program, but albeit one contemplated to popularize their reorganization campaign. They would restore to virility the old Jeffersonian doctrine of state rights, particularly with reference to prohibition. They would permit the individual

states to define intoxicating liquor and enforce the liquor laws within their own boundaries, leaving to the federal government the control and enforcement of laws dealing with interstate traffic in alcoholic beverages.

This would necessitate revision of the eighteenth amendment, but that is part of the creed of this new democracy born of these party elders. Modification of the eighteenth amendment by congress and a popular referendum by the people of each state prior to legislative action on the question of ratification are included in the platform.

Another plank declares for nomination of presidential and vice presidential candidates by a majority vote of the national convention instead of the traditional two-thirds system employed by the Democratic party.

On this phase the new democracy challenges the Brennan-Taggart-Tamm many combine to a popularity contest.

The Democracy of Illinois is the outgrowth of a meeting of Dunne-Harrison-Lewis-O'Connell Democrats held last June. William L. O'Connell, former county treasurer, is chairman. He said the new democracy plans to organize in every precinct in Illinois.

"It invites Democrats of other states

to join it on the question of 'state determination' on prohibition enforcement and in a movement for the nomination of presidential and vice presidential candidates by a majority vote," he said.

The new Democracy has established headquarters at the Morrison hotel. From here its organizers, Mr. O'Connell, Edward F. Dunne, former judge, former mayor, and former governor; Carter H. Harrison, five times mayor; Ald. Oscar Nelson (49th); Oscar F. Mayer, Joseph Rushkewicz, Miles J. Devine, Maurice Klein, Peter Angsten, and Robert W. McKinley, issued their challenge to the regular organization.

"The Democratic party," the statement says, "under present leadership, has drifted far from traditional principles and has ceased to function as a virile, aggressive organization in the interest of the great mass of the people."

The new Democracy bases its organization on the tenth amendment to the federal constitution, which reads: "The powers not delegated to the United States by the constitution, nor prohibited by it to the states, are reserved to the states respectively or to the people," and on section 3, article 3, guaranteeing religious freedom and civil and political rights and privileges.

## HAMILTON CLUB SEEKS SOLUTION OF REMAPPING

The Hamilton Club of Chicago (Republican) yesterday took official recognition of the rural-metropolitan conflict over legislative apportionment.

Realizing that the issues that are widening the gap between city and country on the question of proportionate representation constantly are becoming more acute, President Walter E. Beebe appointed a committee charged with the duty of attempting to work out a plan of solution suitable to both city and rural interests for presentation to the next legislature.

The committee is headed by Attorney Lloyd D. Heth and is composed of seven Cook county and seven downstate residents, all members of the Hamilton club. The other Cook county members are State Representative Howard P. Castle, Maurice Moriarty, Circuit Judge David F. Matchett, George W. Miller, Foster S. Nims, LeRoy T. Steward, and Wirt E. Humphrey.

Downstate members are Charles E. Woodward, Ottawa; Cyrus E. Dietz, Moline; State Senator Thurlock G. Be-

nington, Streator; John H. Camlin, Rockford; William George, Aurora; State Senator John Dailley, Peoria; and State Senator Richard R. Meents, Ashkum.

"Chicago has grown greatly since the last reapportionment," President Beebe said, "and its influence in legislation is by no means commensurate with its population."

**AMENDING THE 18TH AMENDMENT.**  
Chicago, Aug. 27.—Your correspondent  
J. B. Cranfill asserts that the eight-  
eenth amendment will never be repealed.  
How does he know?

The eighteenth amendment can be re-  
pealed or amended and the agitation for  
the repeal of the eighteenth amendment  
is just as lawful as was the propaganda  
for its enactment.

The constitution provides that con-  
gress, on request of thirty-two states,  
must call a constitutional convention.  
The legislature of Nevada, by a prac-  
tically unanimous vote, has requested  
the calling of a convention for the pur-  
pose of amending the eighteenth amend-  
ment. The lower house of the Wiscon-  
sin legislature passed a similar resolu-  
tion.

The eighteenth amendment should be  
made permissive rather than mandatory.  
This would enable congress to deal with  
the entire liquor problem in a compre-  
hensive and constructive manner.

E. THIELER,  
State Director, National Association Opposed  
to Prohibition.

PRECOCIOUS CHEWERS AND  
SMOKERS.

Chicago, Aug. 25.—It is quite evident  
that Mr. James W. Knox does not agree  
with Dr. C. S. Page in his opposition  
to the tobacco habit. Some time ago I  
talked with a boy eight years of age who  
has been chewing tobacco since he was  
18 months old. He has never attended  
school, is mentally and physically weak,  
and the doctor is now treating him for  
the tobacco habit.

Another boy who has been chewing to-  
bacco and smoking cigarettes since he  
was three years of age is only in the  
third grade in school although he is 12  
years old. After more than 35 years of  
public lecturing I have seen thousands  
of cases just as bad as those I have  
cited.

"Farmer" Burns, the ex-champion  
wrestler, who is now 62 years of age,  
warns the boys against tobacco. Wil-  
liam Muldoon, "the builder of men,"  
who is now 80 years of age, also hates  
tobacco. The great American, Abraham  
Lincoln, did not use tobacco. The boys  
and girls will be wise if they emulate  
the example of Dr. Page, "Farmer,"  
Burns, William Muldoon, and Abraham  
Lincoln.

EDWARD W. MERRILL.

**LIBRARY VENTILATION.**  
Chicago, Aug. 25.—What about the ven-  
tilation in public libraries? It seems to  
me to be a matter for the health depart-  
ment. The reading room in the main li-  
brary has plenty of light, but the air is  
always stifling—winter and summer. The  
air is stagnant and impure. The cities  
room is in the same condition. How any  
one can work or read in that air is a  
mystery.

The branch libraries—the Lewis in-  
stitute branch, the Rogers Park branch, the  
one on North Broadway—all housed in  
old stores, have windows and fans, but  
the windows are closed and the fans  
turned off.

CHICAGOANS.

**THE ROADS IN GLENCOE.**  
Highland Park, Ill., Aug. 25.—Open  
Hay road in Glencoe has always been  
dangerously curved and narrow. Now it  
is uncomfortably rough as well. Har-  
vard road in Glencoe can hardly be called  
a thoroughfare. Even northern New  
England would be ashamed to leave a  
road in such condition. Hope the Glen-  
coe motor cop does not work on sum-  
mation.

tions going on in Paris, Geneva, and Rome, which aim to make Austria a dependency of Italy and the succession states.

Herr Loebe said the German people in Austria and Germany demand self-determination, as provided by the Versailles treaty and promised by Woodrow Wilson, but never would resort to violence. They would achieve their aims peacefully through the mechanism provided by the league.

The annexation movement, he said, was friendly, but was interpreted in Paris and Rome as German imperialism. It was an expression of popular will, which never was imperialistic, and those participating in it hoped for a peaceful and united German republic in the midst of a United States of Europe.

**Austrians Endorse Uplift.**  
Numerous Austrian speakers of all political parties declared Austria's wish to join Germany was motivated not only by sentimental reasons but also by economic necessity. The broken unity of the Slavic nationalist states never could be restored.

Vienna was decorated for the day in black, red, and gold. The flag of the German republic flew on all public buildings beside the red and white colors of Austria. The Austrians and Germans sang "Deutschland Über Alles" with equal enthusiasm.

**Reports Austro-Italian Bargain.**

(Chicago Tribune Press Service.)  
BERLIN, Aug. 30.—The chancellor of Europe are bustling tonight with sensational rumors that Foreign Minister Metaxas of Austria has made an agreement for close cooperation with Italy. From several sources, including Ullstein's well informed Rome correspondent, comes the report that Herr Metaxas, in conversations with the Italian foreign minister, achieved at least a verbal understanding for a political and economic agreement which

PARIS, Aug. 30.—The French army of 700, besieged in Hama, sixty miles south of Damascus, rendered to the Druse rebels in Hama yesterday a lack of food and water, saving the garrison was the relief column of the Druse rebels on Aug. 3.

**Unable to Go to Hama.**  
Gen. Sarrail was unable to lead another relief column, as 10,000 reliable troops to Damascus against the rebel Monday and to suppress the risings in Aleppo. He had 10,000 additional troops in Damascus. The French ranged machine gun stretched barbed wire around the buildings in fear of rising, and also arrested the rebels.

## TAPS SOUNDED FOR 8 KILLED AT CAMP GRANT

(Pictures on back page.)

A military funeral, opening with "Lead Kindly Light," played by the regimental band, and closing with the traditional "taps" was held yesterday for the eight colored soldiers killed by the explosion of a howitzer at Camp Grant. The funeral took place at the Eighteenth Regimental armory and thousands unable to get into the packed armory blocked the streets and sidewalks for several blocks in each direction from the building.

Covered with flags. The eight bodies in gray coffins, covered with flags and banked with flowers, lay in a row before a raised platform in the center of the main floor of the armory. Following selections by the band and a colored choir, prayer was offered by the Rev. W. R. Boone.

Next the military record of each of the deceased was read in accordance with army regulations. The funeral sermon was by the Rev. W. S. Bradden, chaplain of the regiment, who was regimental chaplain during the world war.

Leut. Harris Dead. Other speakers were Maj. Gen. Milton J. Foreman, who in behalf of the 384 division eulogized the men who had died in the uniform of their country, and Col. O. B. Duncan, commander of the Eighth regiment.

Following the service the bodies were left to lie in state under military guard until this morning when they will be claimed by their families for burial. While the funeral was in progress news of the death of Leut. Samuel Harris, injured in the explosion, reached the armory. The death of Leut. Harris brings the death list to a total of nine.

## SPEND \$2 BILLS, SAVE MILLION A YEAR, U. S. PLEA

Washington, D. C., Aug. 30.—[Special.]—A saving of a million dollars a year to the government could be brought about if people would use \$2 bills more extensively, the United States bureau of efficiency announced today, continuing its campaign against excessive use of \$1 bills.

"The one dollar bill has its proper place in the currency scheme, but from here, habit has come to be used out of that place," said the bureau statement.

"It is obvious that it costs the government more to keep a thousand dollars in one dollar bills in circulation than a thousand dollars in ten dollar bills.

"The public should not avoid the \$2 bill on a mere superstition that it is unlucky, which comes from old gambling days. This foolish superstition should be brushed aside."

## EXPECT BRITISH O. K. ON MEXICO TO BENEFIT U. S.

Statesmen See a Letting  
Down of Barriers.

BY JOHN CORNYN.  
(Chicago Tribune Press Service.)  
Mexico City, Aug. 30.—"For the last three months representatives of Great Britain and Mexico have been arranging for settlement of the differences between the two countries without letting a word leak out to the press," a man close to the Mexican government said today.

"The previous American conference for recognition heralded its work with a flourish of trumpets which brought press criticism, making the work of the conference doubly hard. The differences between Great Britain and Mexico were practically all threshed out with the foreknowledge of the American government. Therefore, there is no reason to believe press reports that Great Britain and the United States were disagreeing on the policy toward Mexico.

**Tears Down Barriers.**  
"Rather, the questions which the envoys have threshed out in the last three months have done much to throw down the barriers separating Mexico from the United States, and have given Mexico a clearer idea of what the community of great nations expects of her as a member of the family of nations.

"Great Britain's recognition of Mexico has greatly helped the cause of international unity, and strengthened the position, maintained all along, that Mexico's actions, domestic and foreign, should in no way conflict with the principles of international law. This, therefore, is the strongest evidence that Britain and the United States will continue to agree on the great principles of their policy toward Mexico."

**Business Shows Gain.**  
Yesterday business in all fields was better than at any time in the last year, supposedly on account of Britain's recognition of the Calles government. There is a current rumor in the street that British moneyed interests offer Mexico a loan sufficient to cover the amount of international claims for damages and losses during the revolution, thus permitting Mexico to meet its obligations.

## GUESSES RIFE AS TO PERSONNEL OF DRY FORCES

Speculation was rife last night as to the local prohibition personnel to be announced perhaps today by B. E. Ewing, acting director in charge of the territory embracing Chicago. In carrying out the reorganization a change is anticipated in most of the

subordinate positions of the Chicago area. When seen at his home yesterday, however, Mr. Ewing gave no hint of the contemplated changes.

"I can give nothing now, nor can I verify any of the rumors that have been flying about the last few days as to the new appointments," declared Mr. Ewing.

BY WALTER ECKERSALL.  
(Picture on back page.)

In the presence of at least 75,000 persons, the largest crowd ever seen at a set of track and field games in this country, the traffic division carried off the honors in a usual track and field game of Chicago's police department, which came to a successful close yesterday in the Grant park stadium.

Police athletes from the traffic division scored 44 points, against 39 by the 25th district, which accumulated 26 points for second place. Third position in the final rating went to the twenty-eighth district team with 15 markers, while the fifth division finished in fourth place with 16 points.

In all 27 teams broke records in the track and field competition of the most successful set of games yet held by the department and which were originated four years ago by the then Chief of Police Charles F. Fitzgerald.

**S. R. O. at Stadium.**

The mammoth stadium in Chicago's front yard was taxed beyond capacity by the thousands who came to pay homage to the guardians of the law. In order to permit as many as possible to see the games, laws were broken by permitting spectators to occupy seats in the aisles. Thousands were admitted to the field and given seats in front of the stands, while many more thousands occupied standing room on the incline at the north end of the arena.

It was a large and orderly crowd which was rewarded with even more brilliant and interesting exhibitions of horsemanship and individual athletic ability than those of last Saturday. The gigantic multitude was liberal with its applause and certainly appreciated what appeared to be the efforts of the part of the police athletes to do their best.

**Stands Prove Too Small.**

The unexpected outpouring plainly indicated the stadium, which has recently been renamed soldiers' field, is not large enough to accommodate crowds which will come out for the setting events. In fact, President Kelly of the South Park board, yesterday asserted, work of completing the south end of the structure will start in the spring and when completed, the stadium will comfortably seat 80,000.

Despite the great throng and its cramped position, there were no accidents of consequence. Rather than take any chances of injuring any of the spectators, the horse races, final events on the program, were called off on order of Chief of Police Morgan Collins, who attended both days' events and stayed until the final contest was completed.

The crowd which assembled early was given a welcome surprise. George Gels, chairman of the citizens' committee who has done so much to make the field games so successful in the four years they have been held, and Capt. Richards of the South Park system, made arrangements to have the field covered with green sawdust. This was sort of an oily preparation and as the first arrivals made their way into the stadium, it looked as if the field were covered with grass. The oily mixture had a lot to do with keeping down the dust and making the afternoon more enjoyable for the spectators.

**Tear Bomb Show Thrills.**

Aside from the spectacular gathering, the athletic events and those staged in the four rings, all to mention the interesting details by the mounted and foot police, the polo game between motorcycle men, tugs of war, shuttle races and other features, kept the crowd on tension most of the afternoon. The tear bomb exhibitions again came in for a deal of commendation and proved one of the most thrilling of the two day show.

During the two days five records were broken and two were established. Three of the marks went by the boards in last Saturday's competition and two yesterday. In three more trials in the hammer throw John Walsh of the twenty-eighth district hurled the ball 135 feet 5 1/2 inches, which bettered his own record for the game by three feet.

**Cabell Breaks Weight Record.**

J. Cabell of the twenty-eighth district threw the 56 pound weight 23 feet 1 inch. This bettered the mark of 20 feet 4 1/2 inches set by James J. Lawlor in 1923. El. Cabell of the twenty-eighth district tossed the caber 31 feet 2 inches and A. G. Specht of the traffic division won the 220 yard low hurdles in 21.24. The best two events were held for the first time and the marks will stand as records until broken.

Individual honors of the track and field competition of the games went to C. L. Bush of the 28th district team. This performer won three events, the 440 and 660 yards runs and the pole vault. These performances gave him a total of 15 points. Dan Ahern of the sixteenth district gathered 10 points as a result of victories in the running broad jump and running hop, sack and jump.

**Smith Wins Tug-of-War.**

William Smith of the twenty-eighth district won the 55 and 100 yard tug-of-war, which gave him a total of ten points, while Lawlor of the seventeenth district placed as a result of a

## EDERLE TO TRY CHANNEL SWIM AGAIN TOMORROW

CAPE GRIS NEZ, France, Aug. 30.—(AP)—Miss Gertrude Ederle of New York will not start her swim tomorrow, as was expected, but will enter the water Tuesday morning. If weather conditions are favorable, she will attempt to swim the channel, which she has tried unsuccessfully twice before. She is accompanied by her trainer, "Old Bill" Burgess, Joe Costa, organizer of the swim, Miss Viola, Miss Ederle's chaperone, and Capt. Vidal of the tug La Marine, which again will escort the American swimmer on her second try.

Miss Ederle has been training faithfully and patiently for her second attempt, and has been following the instructions of her new trainer, Burgess, unreservedly.

London, England, Aug. 30.—The English channel has conquered another swimmer. Mildred Gletton, a London stenographer, abandoned her Sunday after 6 hours and 5 minutes of swimming toward the French coast. Cold and cramps finally overcame her at South Sands head.

## Babe Ruth Comes to Chicago to Deny Misconduct Charges—Planes Hop Off Today for Honolulu

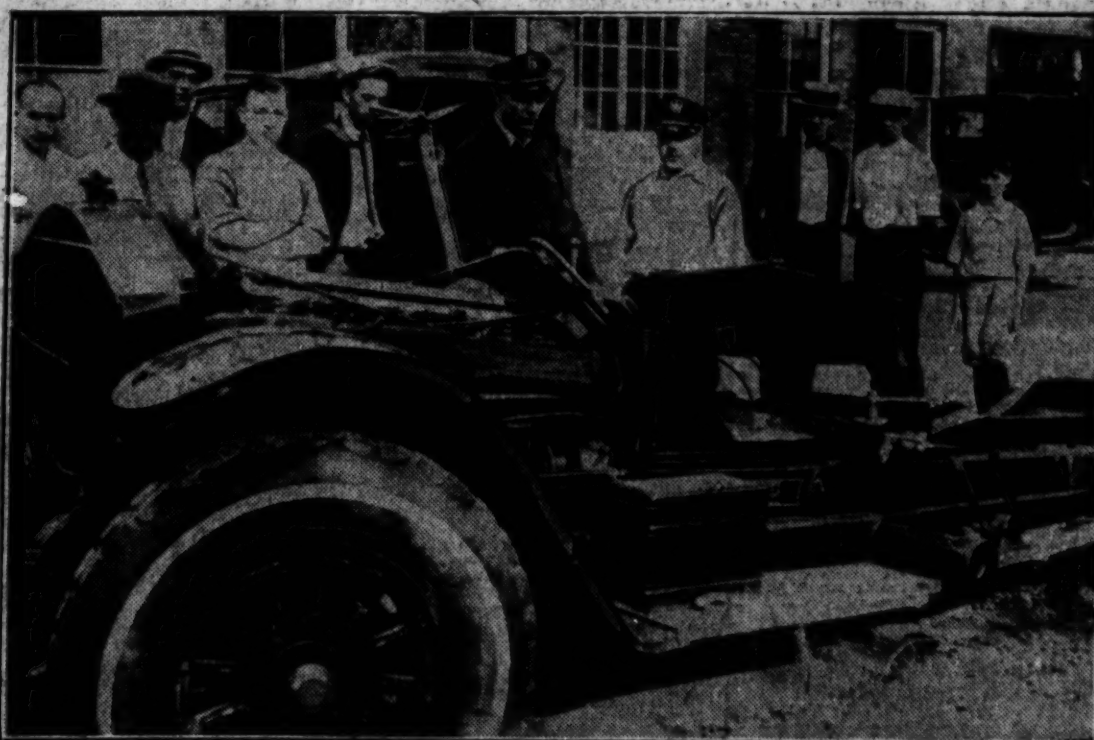

**BABE RUTH ARRIVES, BESIEGED BY BASEBALL WRITERS.** The former king of swat comes to Chicago to lay his case before Commissioner K. M. Landis, czar of baseball, today. Babe was suspended and fined \$5,000 by Miller Huggins, manager of the New York Yankees. Huggins accused Ruth of misconduct off the field. Ruth (shown wearing cap) attacks Huggins' ability as a team leader. (Story on page 1.) (Tribune Photo.)

**RUSH WORK ON PLANE FOR HONOLULU HOP.** Every effort is being made to get the naval seaplane PB-1 in shape to start this afternoon with two companion planes on the nonstop flight to Honolulu. New motors are being installed. (Story on page 1.) (Pacific and Atlantic Photo.)

**VICTIM OF CRASH.** George Werdell, La Grange fireman, killed in truck wreck. (Story on page 3.)

**TWO DIE AS TRAIN HITS FIRE TRUCK.** Capt. Henry Pullman and Chief L. G. Mathews of the La Grange police department examine the wreckage of fire apparatus struck by C., B. & Q. passenger train at La Grange crossing. (Story on page 3.) (Tribune Photo.)

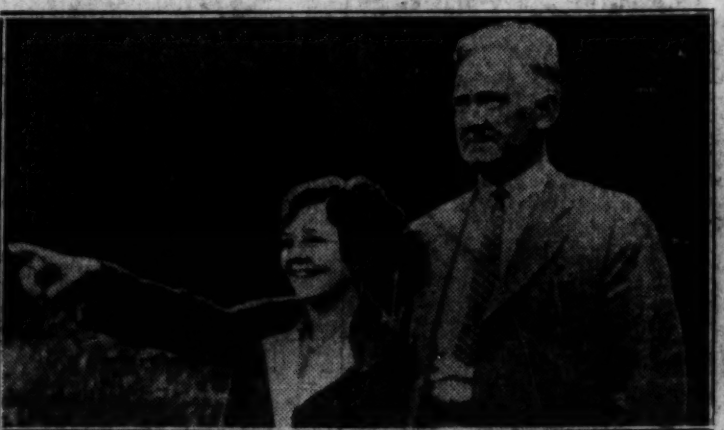

**ALSO KILLED.** Walter Bush was the other person to lose life in crash. (Story on page 3.)

**BABE RUTH'S FRIEND.** While the suspended ball player's statements were holding the spotlight here, interest in New York centered on Claire Hodgson, a pretty admirer. Mrs. Ruth, meanwhile, was denying misunderstanding over Babe's feminine fans. (Story on page 1.) (Telepix Photo; Copyright to P. & A.)

**WIN TENNIS DOUBLES TITLE.** R. Norris Williams II, of Philadelphia (at left) and Vincent Richards of New York defeat Australians at Brookline, Mass. (Telepix Photo. Copyright to P. & A.)

**SOUND TAPS FOR VICTIMS OF CAMP GRANT BLAST.** Thousands, unable to get into the building, blocked the streets around the Eighth Regiment armory, where funeral services were held for eight colored soldiers killed when howitzer exploded. (Story on page 12.) (Tribune Photo.)

**STADIUM TAXED BEYOND CAPACITY AT POLICE GAMES.** At least 75,000 persons attended the track and field games of Chicago's police department yesterday. Officials estimated that it was the largest crowd ever to attend such games in the country. When all of the seats were taken spectators were permitted to occupy seats in the aisle, and in front of the stands, and thousands stood on the incline at the north end of the arena. Athletes of the traffic division scored 24 points to win the honors of the meet. Second place went to the squad from the 30th district. (Story on page 20.) (Tribune Photo.)
